LOOKING TOWARDS THE FUTURE

2020 has been a year unlike any other in our lifetime. We're super excited to showcase our new website mainpage and we believe this photo tells the Condor story as we move forward together during challenging times with a positive attitude welcoming new faces and planning new starts. You are invited to join our journey in the coming year.

CEO'S MESSAGE

LEARNING FROM & ADAPTING TO CHANGING TIMES

2020 will be remembered by the impact of the COVID-19 pandemic.

All people of all cultures and faiths around the world have been affected by it and have had to adapt to this ever-changing society that we are experiencing today.

Only a year ago we lived in a different world to what we know now. Importantly, we have been able to deal with all the challenges that we have faced. We implemented safety measures, learned valuable information related to health matters, and adapted to new habits, like wearing masks and washing hands regularly.

Now, even though we are not at the end of COVID-19, I can say that the Condor Team showed, as a group, great adaptability, understanding, stamina and professionalism. I am very proud to work with great people and to see how all of us as a group are facing the challenges of these unprecedented times.

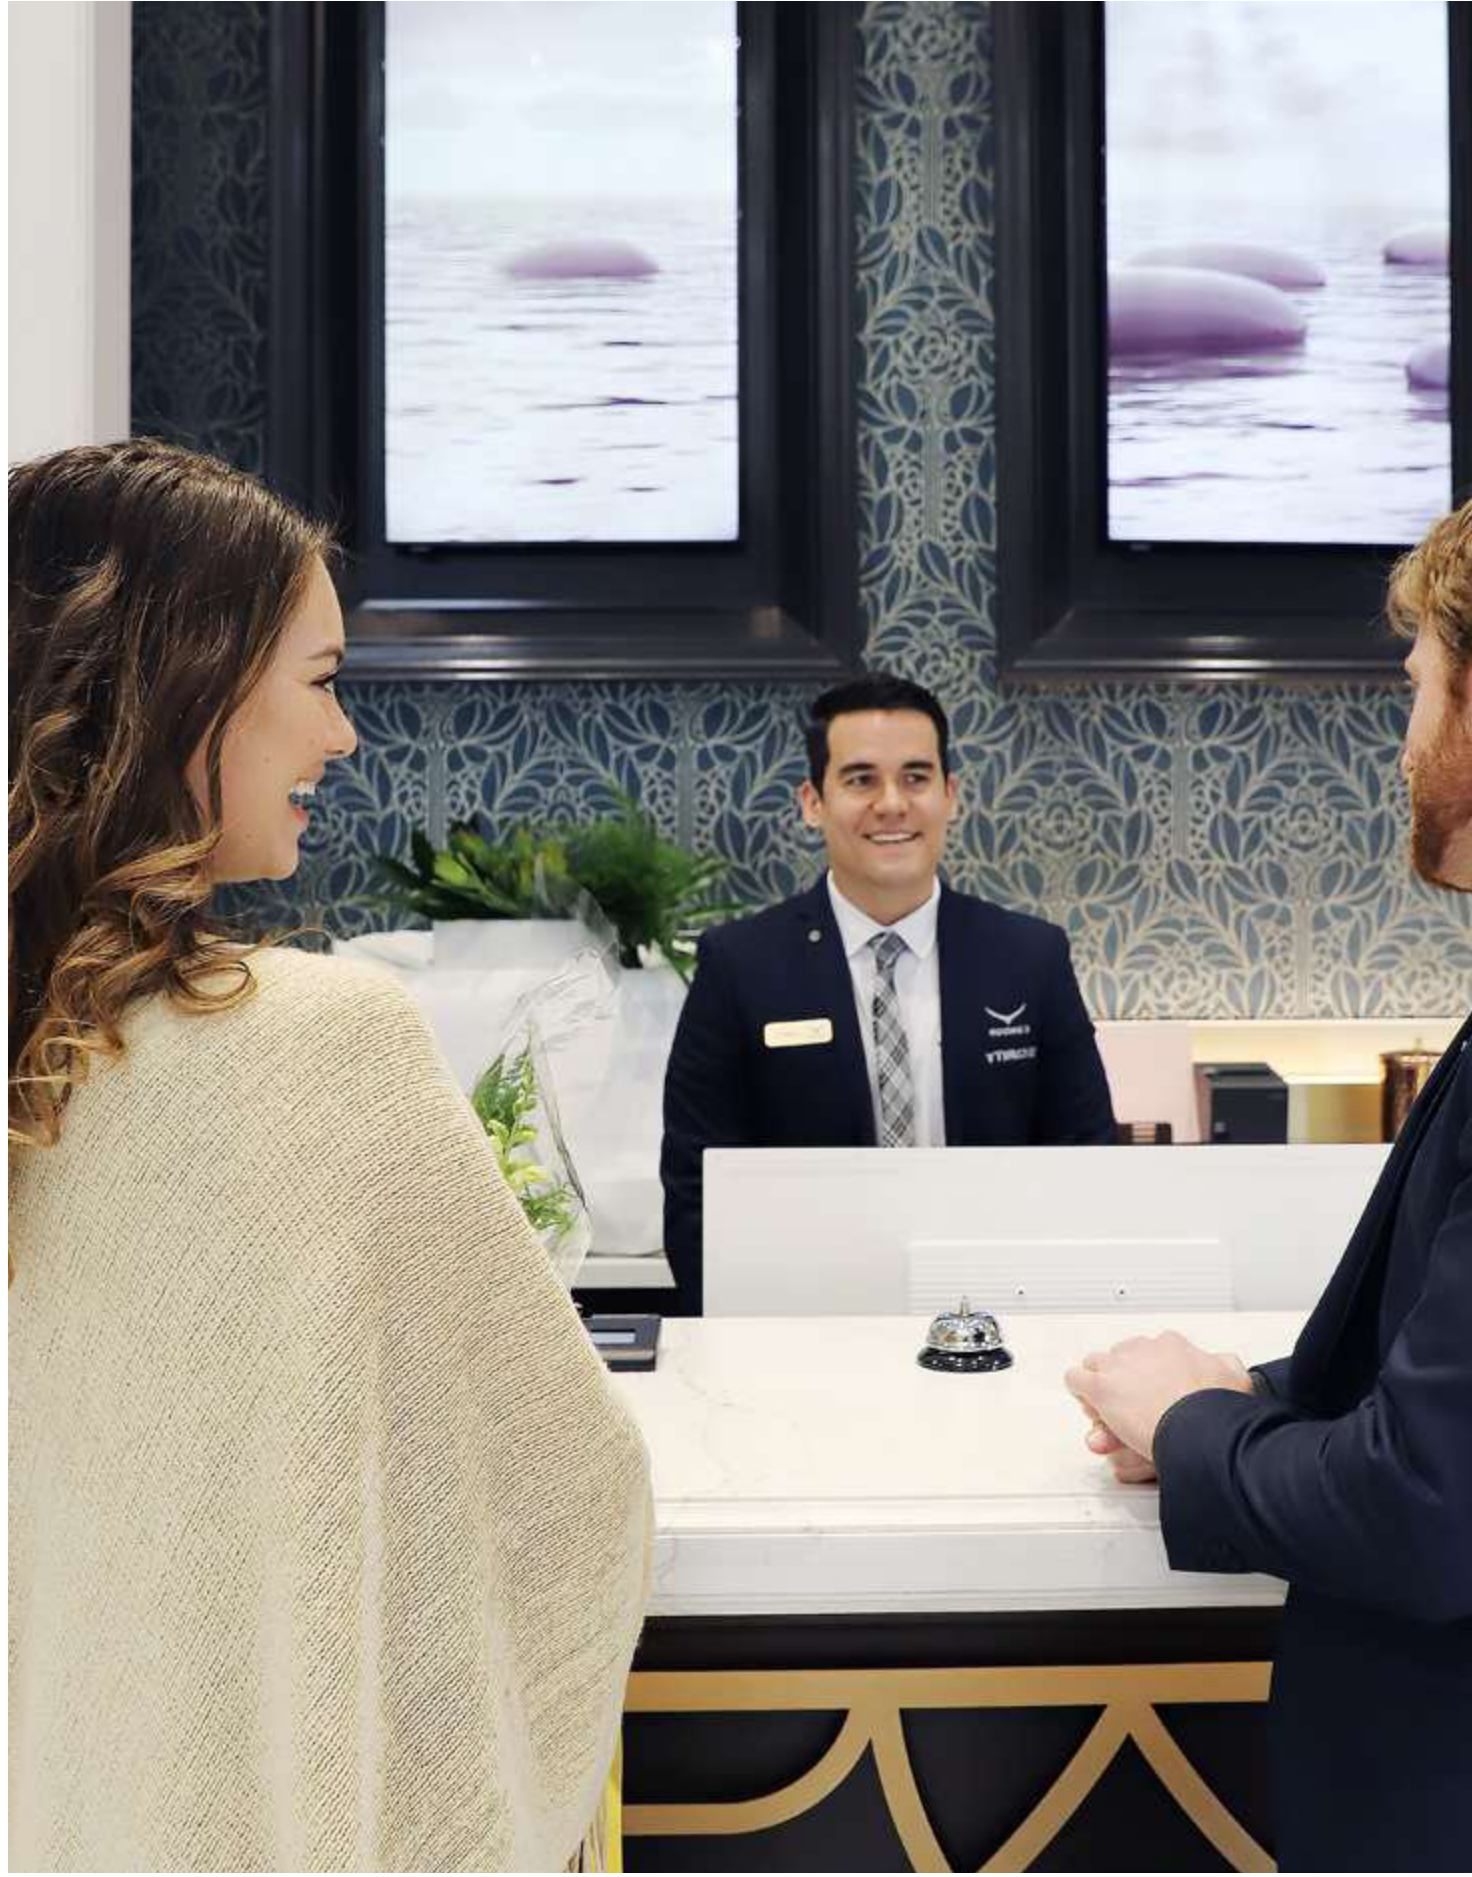

With warmest regards, I would like to wish you and your loved ones a safe and healthy Holiday Season and a Happy New Year for 2021.

We hope that you will enjoy the new look of the Condor Ascent Magazine and the articles in it.

Yours Truly, and Best Wishes for a Great 2021!

CONDOR SECURITY AMONG THREE BEST RATED SECURITY GUARD COMPANIES IN TORONTO

Exciting news to share with you. We've been recommended by Three Best Rated in the Top 3 Security Guard Companies in Toronto.

How does Three Best Rated™ Canada work?

Three Best Rated™ (Canada) was created in 2014 with a simple goal to find for its four million plus customers per month the Top 3 local businesses, professionals, restaurants, health care providers, etc., in key cities across the country. The company's employees handpick the Top 3 local businesses. This is done by checking business reviews, history, complaints, ratings, nearness, satisfaction, trust, cost, general excellence, reputation, etc., using their detailed 50-Point Inspection. The website displays only businesses that are verified by their employees and it is updated on a regular basis for quality and latest business information.

What does it take?

As mentioned, all security guard companies face a rigorous 50-Point Inspection, which includes everything

from checking reviews, ratings, reputation, history, complaints, satisfaction, trust and cost. It's an honour to have achieved this recognition. Here are some highlights of the inspection process that Condor and other security companies in Toronto underwent.

Three Best Rated® Canada 50-Point Inspection

KARAN SEHGAL

POSITIVE: PROFESSIONALISM, RESPONSIVENESS, VALUE

I have been working with Condor Security for more than a year and i must say that this is the best security company.

Condor Security provides a lot of exceptional benefits to its employees.

The company has most its contracts with luxury condominiums where employees work happily and get respect.

Condor Security management personnel are very cooperative and helpful. If employee is hardworking, then there are various opportunities for growth within the company.

SHIVAM VASUDEVA

POSITIVE: PROFESSIONALISM, QUALITY, RESPONSIVENESS, VALUE

I worked with condor security for 4 years. It was the most amazing experience. Best training protocols. If you worked with condor security you are much better concierge with great skills than many big names in the industry. I live in a condominium now. And one a the biggest security companies are there as concierge service they are awful zero customer service and zero sense of empathy. I will highly recommend condor security for condominium security as well as to a great place to work.

GREAT COMPANY TO WORK WITH

I have been working at Condor Security part-time.

PROS: Good Pay – Flexible Hours – Great management staff.

DYNAMIC & PROFESSIONAL COMPANY

I have been working at Condor Security part-time for less than a year.

PROS: It is a best professional security company and provides various training programs to its employees which give them an opportunity to learn, grow and perform effectively at workplace.

CONS: For me it's a great company. Until now I do not have any negative point to write.

CLIENT POSITIVITY

YOU ARE SHINING STARS

I am a resident at CampusOne in Toronto. The team is always professional, welcoming and clearly focused on their task. It is clear they take their job seriously.

RATE YOUR EXPERIENCE

My condo uses Condor and I have nothing but good things to say about their employees. Very friendly and efficient staff.

MELISSA T.

I am a frontline health care worker who was deployed to work in an outbreak area so am leaving for work very early in the morning. It has been so touching that both night shift concierges have wished me a safe day every morning for the past month. It has given me strength to actually leave my safe home and continue my deployment assignment.

ASIS INTERNATIONAL AWARD WINNER

EVERYDAY HERO

Condor Concierge Receives
ASIS Ralph Day Heroism Award

Some work days start out just like any other. Then in the blink of an eye things can change and you're called upon to dig deep within yourself and rise to a level of service you're professionally trained for and prepared to handle. The following summary of events that took place in spring of this year is reprinted from the Canadian Security Magazine article at:

canadiansecuritymag.com/toronto-security-guard-acknowledged-with-asis-ralph-day-heroism-award/

**Congratulations to Vipasha Sharma
on receiving the ASIS Ralph Day
Heroism Award.**

"Vipasha Sharma, who works for Toronto-based Condor Security, is the recipient of ASIS International's Ralph Day Memorial Security Officer Heroism Award this year.

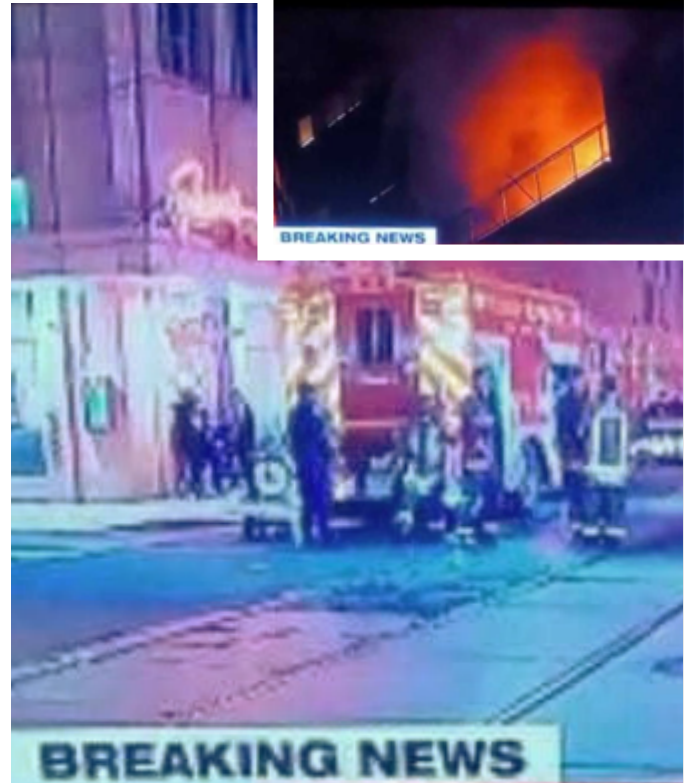

Sharma was recognized for her calm and professional management of a series of traumatic events that occurred at the high rise where she is employed as a concierge.

According to a blog post on the Condor Security website, one night in April, a fire broke out in the building which resulted in a fatality, and a domestic disturbance occurred that same evening.

Sharma recounted the events in the blog post: "The incident that occurred on 17th April, 2020, consisted of four major events: a domestic dispute, a fire, a flood, and a death of one of the residents in a unit affected by the fire. All events overlapped, and time was one constraint that was not working in our favour that day...

"Then I thought, I am the person who is here to provide security to all the residents of the building and if I show signs of panic and nervousness then all the residents interacting with me are going to panic and lose courage, therefore I did what as a Security Guard one must do – show courage, be calm, think on the feet, and come up with solutions as things occur. Eventually, that helped me handle this situation."

Sharma was able to separate the victim from the attacker by moving the victim to the lobby. She stayed in touch with residents while the building was evacuated due to the fire and coordinated with first responders when they arrived on scene.

Sharma thanked her colleagues and mentors at Condor for their support, particularly Eric Senior, Condor's operations and training manager, and her site supervisor Hosni.

Condor management noted in the blog post: "Condor is extremely proud of the actions taken by Vipasha, the Condor Concierge on duty during this incident. Your actions have saved lives and you can be proud of your response for the rest of your life."

A GRATEFUL CONDO COMMUNITY

One of the members of the condo's Board of Directors, shared these words of thanks: "Thank you Condor. Hats off to the exceptional training that your firm delivers to your staff. Vipasha (and Hosni) are superstars!"

STATEMENT FROM THE BOARD OF DIRECTORS

On behalf of the Board of Directors and the residents, we would like to acknowledge the exceptional efforts made by Vipasha during the unfortunate incident in our building that occurred on April 17, 2020.

Throughout this unprecedented event, Vipasha displayed a calm, efficient and professional manner while responding quickly to the rapidly changing demands that were asked of her. Not everyone could step up the way she did in a split second but she didn't hesitate.

Her caring and compassionate nature was in full force and helped to diffuse the worry and stress that everyone was experiencing.

She is a credit to your company and we are very grateful to her. Please share your feedback with others in your company as you see fit.

Vipasha Sharma with the ASIS Ralph Day Award.

MASKS SAVE LIVES

“We couldn’t do it without organizations like yours”

Every day during the early months of the COVID-19 pandemic news sources reported on the various challenges faced by health care providers, especially those working in hospitals and long-term care homes. There were delays in delivering PPE that often resulted in shortages of much-needed masks and other indispensable safety supplies.

Stories like these prompted Condor to decide to partner with an organization that oversees long-term care homes in the GTA for a PPE donation campaign. The goal was to donate 5,000 surgical and KN95 masks to long-term care homes in urgent need of them for onsite staff including personal support workers, kitchen, administrative and medical. After conducting a search of health care providers the Better Living Health and Community Services Centre at Thompson House was more than pleased to accept Condor’s mask donation.

“Thank you for reaching out to us and for considering our long-term care home, Better Living at Thompson House,” said Emily Hope, Senior Manager, Quality and Decision Support.

“As we continue to implement universal masking among our staff working in the home, we certainly are willing to accept a donation.”

community. As staff are required to wear masks and other PPE, this donation will help offset some of the increased costs we incur to cover this essential need. Through generous donations like these, we are shown just how much we must stick together as a community in order to get through these unprecedented times. Thank you!”

SAHAR KHAN

Communications and Outreach Coordinator
Better Living

“Better Living is committed to the health and safety of our residents, clients, staff and members. As COVID-19 is continuing to have a major impact on long-term care homes across Ontario, donations are crucial during this time. We are incredibly grateful to Condor for organizing this initiative and helping Better Living protect our

Thank you to all the organizations who gave generously to help with the donation of masks to Better Living at Thompson House. We couldn't have done it without you!

OUR PEOPLE

OUTSTANDING EMPLOYEES

Join us in congratulating our
employee of the month, of the
quarter and of the year.

EMPLOYEE OF THE MONTH

**JOSE ALBERTO
NOYOLA**

I am proud to be part of the Condor Security family these last three years and still counting. I started off as a patrol guard and the privilege of various opportunities were provided which also included promotion to concierge post. Within the scope of these three years, I've grown exponentially both personally and professionally. Thanks to all the MPS Team, Condor management and site supervisor Lovepreet who aided me in realizing my true potential through constant training and feedback. I recommend everyone to be part of the Condor Security family – golden learning and development opportunities are available for those who are passionate about growing in the security field."

EMPLOYEE OF THE QUARTER

**RON PORTER
HEAD CONCIERGE**

I would like to thank Condor management Ben Tabesh and Eric Senior in presenting myself with the Employee of the Quarter Award. I am deeply honoured and very grateful to have received this award. At this time, I would like to acknowledge all the others who have received this award it's a great honour to join your ranks. I have learned that it is not an individual performance but a team effort. Condor has a strong team starting with management the office, staff and mobile patrol to which they can find any answer to any question a security personnel may have. I have had the pleasure of working on sites where one can draw off each other's strengths and become a stronger team member through training. This is only possible if we have a strong team lead which Condor does. It is a honour to be part of this strong team."

EMPLOYEE OF THE YEAR – WYATTH LLEWELLYN HYDE

"I am delighted to be a part of the Condor Security team for the past four years. Condor Security values employee development. The best thing about working with Condor Security is the teamwork I experience daily, the relationships I have developed and the fact that Condor cares about their employees. The best part of my job is being able to work with people at all levels and apply my training in each situation. I am extremely proud and honoured to be part of Condor's staff and the Employee of the Year."

COVID-19: SAFETY & PROGRAMS

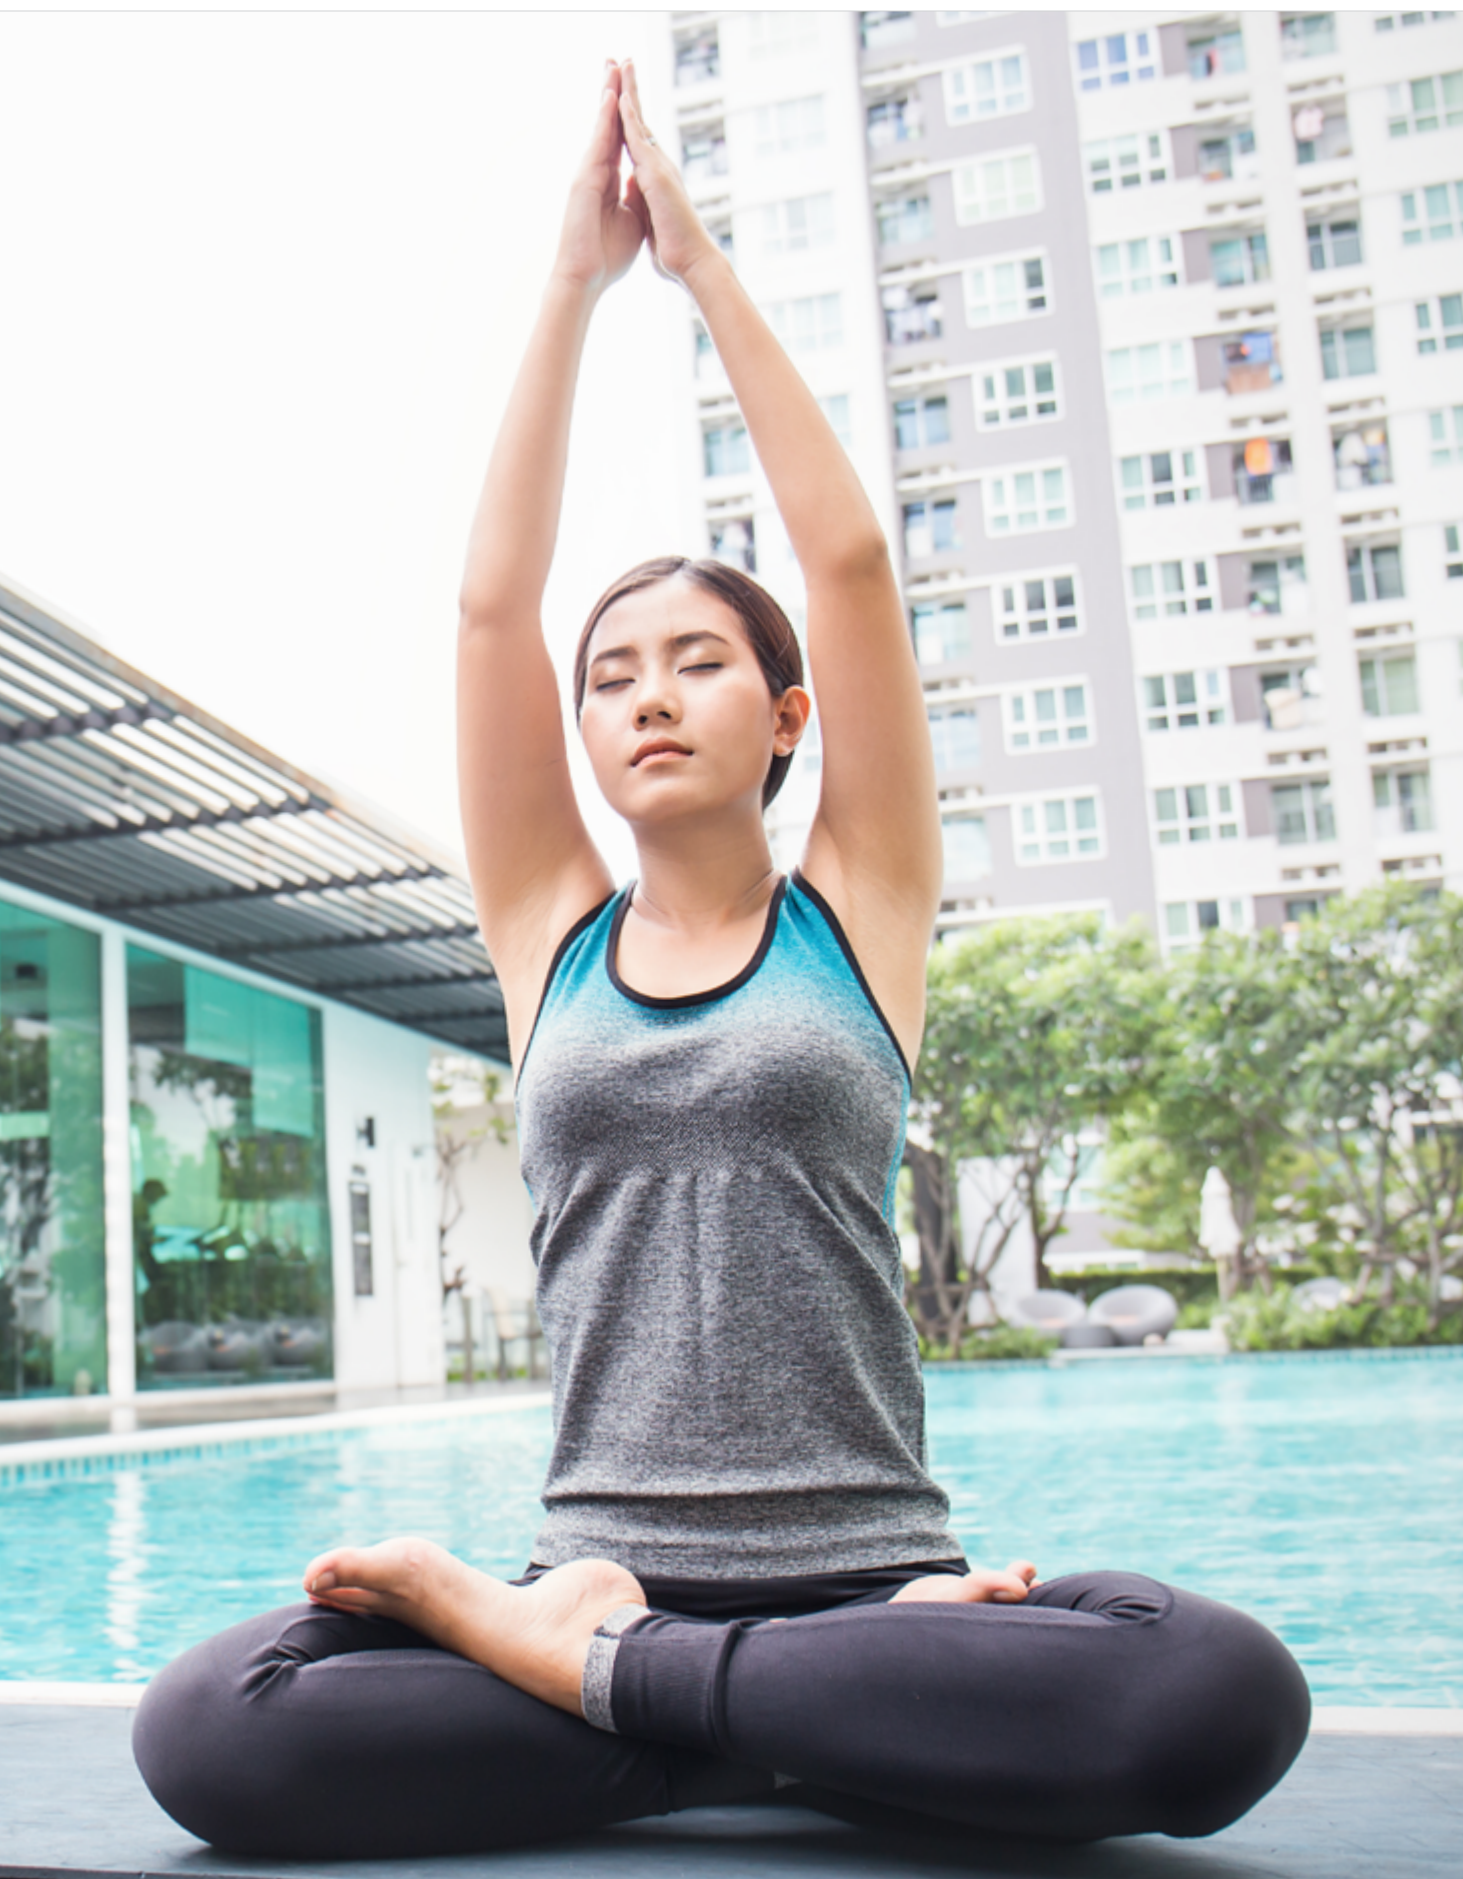

HOLISTIC PROGRAMS TO BOOST WELL-BEING

When COVID-19 was first declared a pandemic by the WHO earlier this year, everyone thought we would get through this after a full initial lockdown with the exception of essential services.

Sadly, coronavirus had other plans. Now, as we enter a second wave and another lockdown in Toronto and Peel, it's clear that the virus won't go away without a concerted effort from all citizens, organizations and governments. The good news is there are promising vaccines on the horizon.

Condor is constantly developing programs to support and contribute to our team's health and careers.

HIT THE GROUND RUNNING

At Condor Security, we stand by and act on our Statement of Purpose every day. We pride ourselves on being forward-thinking, industry-leading and customer-focused.

We are committed to developing specialized training for our employees to ensure we are constantly providing our clients with the support they need at all times and under all conditions. That is why, in mid-January we set out to create a COVID-19 contingency plan, which included training on COVID-19 preparedness and prevention measures.

Our plan was put to the extreme test over a weekend early on in the pandemic.

A community member, who was in contact with 20 Condor staff members, was perceived to be COVID-19 positive. Our Operation Team immediately executed the plans and made sure all staff and all other individuals who made contact went into self-isolation. All common areas were professionally sanitized and a new team was deployed in a matter of hours with no disruption of service.

Luckily, the community member was deemed negative – but the swift action and execution of the contingency plans ensured the safety of everyone.

Below is an incredibly kind note we received from our client after the incident took place.

“We are swimming in very unfamiliar & scary waters and so much is changing minute to minute.

We had an urgent situation we had to react to on Saturday night and the Condor Team did not let us down. Thank you for having our backs and allowing us to count on you. We truly could not have survived this without you. I can imagine what we caused in your office on Saturday night having to contact all the guards and find us coverage ... so appreciated.

Our dedicated guards took this seriously and did what they had to do to secure our property and leave it in the hands of those who had never been to our property. I know we scared you and for that I'm sorry, but I think we all learned a great deal about the severity of this virus and how we need to respond.”

Our clients and staff know that we will continue to update and adapt our contingency plan on a regular basis as the coronavirus situation changes to ensure the safety of everyone.

BE MINDFUL AND IN THE MOMENT

From lockdowns to masking to social distancing, it's easy to understand how COVID-19 is taking an emotional toll on many individuals. We are being asked to adjust our lives and lifestyles. Our employees and their well-being are of utmost importance to us. We are constantly developing programs to support and contribute to our team's health and careers.

We invited Sarah Kinsley, a Registered Clinical Counsellor, BA (Hons.), Bed (Primary) Med (counselling) to create a short series of Mindful Consultation videos for our staff and community.

We know that these times can be challenging both on the personal and professional end. Practicing mindfulness can help reduce anxiety and equip you with more tools for your life. From feedback we received we learned that this series of videos were well received and enjoyed. You can find the Mindfulness Series here:

THE FIRST FOUNDATION OF MINDFULNESS – THE BODY

STRONG BODY STRONG MIND

You've heard the saying Strong Body Strong Mind. The benefits of exercise are noticeable whether we walk, run, lift weights, dance or practice yoga. Outwardly we see our bodies become more fit, muscles tighten and posture improves. But the benefits of exercise also extend to our mental health and emotional well-being. We're happier, calmer and even more social. Maintaining our health and staying active is important, now more than ever as we deal with these challenging times.

We continued our focus on health and wellness by introducing an Exercise Series with Chris Brown from CGBFitness. Chris created a customized routine that staff and clients could do from the comfort and safety of their homes, with no equipment.

After all the positive feedback we received on the Chris Brown workout series, we had to come back with another! This time, Cory Myles, personal online trainer and health coach created a customized two-part series just for Condor staff and clients.

To ensure the constant well-being of our employees and community, we are continuing to develop programs to contribute to their success. Stay safe, healthy and active!

OPPORTUNITIES

ROOM TO LEARN & GROW

Congratulations to a Condor employee who has crossed over from the security profession to condo management with Del Property Management Inc.

We take great pride in our in-house training and education programs. They prepare our guards and concierges to handle everyday tasks and sometimes difficult situations.

Partners and clients within the industry also recognize the value-add Condor staff bring to their sites. From time to time, however, we must say 'farewell' to staff who make a successful transition and follow a career path into condominium management where there is a growing need for skilled talent. One former staff who successfully crossed over is Pratibha Banwala. She now works for Del Property Management Inc. While we are always sad to lose a valued employee, we can wish her well in her new job.

I would like to take some time to share my journey with Condor Security which further led me to start my career with Del Property Management. I started working in Condor Security as a concierge and later on I got promoted as a Site Supervisor

in one of the luxury condominiums and being in that role I learned to deal with various difficult and unusual situations on site. I would have never been able to grow within the company without the support of Condor management and their vigorous training that enhanced my skills over time and always motivated me to do better in my role.

Honestly, speaking with experience, working with Condor Security gives an employee a vast amount of exposure and there is always enough room for everyone to learn and grow with the company. Always push yourself to do more and more as it will ultimately increase your learning potential. One thing I would like to say is:

"If you are dedicated to your job today, and have a feeling to always perform at your best, then no one can stop you to do better in your life."
